

2010 OFFICIAL WPTAPL™ EVENT STRUCTURE

WPTAPL™ provides amateur events for the World Poker Tour and does its best to assure that all events are conducted in a professional manner that allows players the opportunity to experience the game of Texas Hold ‘em in a fun, safe and real life format very similar to what they may experience at a Casino poker tournament.

All WPTAPL™ events are governed by two sets of rules: the **Official WPTAPL™ Tournament Rules** which are the basic elements of tournament play that a player needs to know and understand in order to competently compete at any Texas Hold ‘em tournament. The second is the **Official WPTAPL™ League Rules** which are a set of rules specific to playing Texas Hold ‘em with WPTAPL™. The League Rules contain regulations and restrictions specifically adapted to bar poker and the free poker industry.

WPTAPL™ events consist of one or two sessions in an evening with registration opening 1 hour before the start time of each. Tournaments are usually 3 hours in duration and monitored by Tournament Directors (TD) who have received training from both local managers and WPTAPL. The minimum required starting stack at a WPTAPL™ event is 5,000 though most events start each player with 10,000 in chips. Most WPTAPL™ events operate with 15 minute blind levels, though single session events may play longer blinds. WPTAPL™ events are self dealt by the players who high card at the start to determine the button (dealer). Each blind level has a Small and a Big Blind (two positions left of dealer respectively) which are forced bets to ensure action on every hand. With each Blind level the amounts of the Small and Big Blinds increase, usually doubling. This escalation is what assures that events conclude in the allotted time.
